How did you start @girleatworld?

Rome, 2011

I was forced to take a picture at the colosseum by my good friend @serenaslenses

Just hit my 30th country. I've been stuffing my face in each city I visited, and would like to share you what I ate in front of landmarks / cool backgrounds! (instagram.com)

Many have also asked...

How can I replicate the success of @girleatworld?

“The key to happiness is to find the three things in life you absolutely love doing, and combine them. If you do this, you would never have to work a day again in your life.”

Someone once told me (I forgot who)

girleatworld Hello Singapore! Do you know that ALL photos on this instagram were taken and edited straight on an iPhone? .
This Saturday at 1pm, I will be conducting a Photo Lab at the new

Live Demo

1. **Take a Picture with some props provided.**

2. **Edit the picture on VSCOcam app.**
   (I'll show you a few of my tips and tricks)

3. **Post your creation on instagram!**
   Hashtag #todayatapple and tag me @girleatworld
   so I can see them later!

Thank you, I hope you enjoyed today!
